Dear Gloria,
Thank you very much for your letter. I'm glad you like the picture. I'm sorry I haven't written sooner but I've been very busy. I'm glad you're doing well in school. I'm doing fine in school. I'm looking forward to graduating this year. I'm not sure what I'm going to do after graduation. I might go to college or get a job. I'm not sure yet. I'll let you know when I decide. I hope you're doing well. Write soon.

Love,

This Is Our World

And welcome to it. People are what make the world special. Each person is unique, with different interests and goals, yet together they share the laughter, tears, and excitement which are a part of living and growing together. This is what makes our world a special place to be.

The World As We See It

Each of us see the world in a different way:
"It's just a place to go to right now, but I'm sure it will mean a lot to me when I leave." Dan Shubin (10)

"On September 29, 1976 with the help of Tracey Hardesty who guided me around campus, I spent the entire day without the use of my vision in an effort to discover what it's like for a person who is deprived of one of our most vital senses... sight. I found that someone without the sense of vision learns to "see" in a different way. That what is inside a person is more important than his or her physical appearance." Loretta Pitford (11)

World Struggles

Part of life is facing the constant challenges, accepting defeat as well as victory, and learning to relate with others. In our world we possess the freedom to make choices for ourselves and determine our own fate.

As Our World Turns

Although there are many special occasions to experience, it's the simple things in life that leave a lasting impression. Getting an "A" on a test when you only expected a "C", or having a friend who really understands, are only a couple of the things that help shape our lives and prepare us for the future.

Javier Rios

We congratulate . . .

. . . seniors Javier Rios and Julie Calderon who were chosen as the 1977 Mr. and Miss AEGIR. Selection of the most photogenic senior boy and girl is a tradition at Mt. View; to insure an unbiased and independent judging, the photography staff at American Photographic Corporation, the official school photographer, made the final selection from the 246 seniors who posed for portraits.

We Like It

As nature would have it, different things appeal to different people. What you see below is a conglomeration as seen by the senior class of '77.

Male Singer: Stevie Wonder
Female Singer: Diana Ross
Drink: Milk
Band: Chicago
T.V. Show: Starsky and Hutch
Hang Out: Shakey's
Song: You Oughta Be Havin' Fun (Tower of Power)
Car: Porche
Movie: One Flew Over the Cuckoo's Nest (Jack Nicholson, Glenda Jackson)
Cartoon: Bugs Bunny
Hobbie: Cruising
Teachers: Mr. James Dalton, Ms. Carmen Rey
Spectator Sport: Football
Color: Blue
Food: Mexican

Senior Most

To be an individual is perhaps the soul's greatest desire, since having a unique personality is a person's only real possession. Self-identity craves expression, and for this reason people think and act in different ways and for different reasons.

Below is a list of individuals renowned by the senior class for their personal traits, as they were picked by their fellow classmates.

Most Scholastic: Lance Fisher, Alice Forbush
Most Politically Minded: Gary Sanchez, Mona Ramirez
Most Likely To Succeed: Dan Dennis, Chris Brown
Biggest Contributors: Mike Defer, Robin Adams
Really Spirited: Sid Rementeria, Susan Blume
Best Dressed: David Nava, Liza Flores
Most Gullible: Jesse Ramirez, Patsy Grady
Real Clowns: Frank Lujan, Jaime Garza
Best Physique/Figure: Tim Baltierra, Patti Herrera
Real Smilers: Eddie Torres, Martha Lopez

Say "Cheese"

Wow! Just think, it took four long years to get on these pages. Four years of fun, hard work, involvement, and sometimes sorrow. But you have definitely made it; you can be proud to be a senior in "77".

Do You Know Where You're Going?

The senior year comes to an end. Some of the seniors will go on to college or trade school, and some will find jobs and begin working. Others may just relax a year before making a decision. Whatever the case, the day of graduation will linger in the memory as a day of emotion, a day marking the beginning of a whole new life.

Dancing in December

Most dances are special occasions and the Christmas Ball was no exception. Once dates had been made, it was necessary to attend to the small details - buying tickets, making hair appointments, chosing the right clothes, etc. It seemed like a big hassle at the time, but when the night arrived, all that was forgotten in the excitement.

And What a Spring It Was

Cinco de Mayo, slave and revenge days, and the Donkey Basketball game highlighted one of the most memorable springs in recent years, Student participation was high as the year of '75-'76 drew to a close, and the scene was set for a promising year to follow.

(LEFT) Queen-to-be Arcelia Barrajas with Marie Gutierrez, Ginger Love, Donna Acevedo, and Leticia Coronado nervously await the crowning of the Cinco de Mayo court.

(BELOW) Storybook characters, decked out for the celebration, watch the tense and exciting homecoming game.
(BOTTOM RIGHT) Dancing with her father, Jodi Carrillo smiles happily during the eventful evening.

Fairytales Do Come True

Think back to those yesterdays when you were younger, and fairytales filled your imagination. Remember how you always dreamed of being that handsome prince who rode off into the sunset or the beautiful princess who rode off with him? As the years passed, your storybook dreams began to fade, and fairytales grew to be only childish fantasy. Yet there always remains within us the desire to be a child again, a secret wish to be a prince or princess, even if it only lasts an evening. Homecoming brought that dream to life.

(LEFT) King Tim Baltierra and his date Karen Arvizo dance to the music of Sabor.
(BELOW LEFT) Riding in true fairytale splendor, princesses Chris Brown, Jodi Carrillo, and Julie Calderon indulge in a little storybook fantasy.
(BELOW RIGHT) Last year's queen, Terry Galindo, waves to the crowd, while Lisa Navarro and Pat Herrera prepare for the special moment.

(BOTTOM) The cheerleaders and flashrankers cheer enthusiastically as the football teams rips through a sign.

T'was the Week Before Christmas

With so many activities going on in one week, it was practically impossible to take a "humbug" attitude toward the Christmas season. As always, couples looked forward to the annual Christmas Ball and the candy gram sale, but for the first time, a mistletoe sale put on by the senior class added a little extra Christmas cheer to the week before vacation. Also in the tradition of the holiday spirit, the can food drive, sponsored by the A.S.B. commission, helped to bring food to the needy families in the community.

(UPPER RIGHT) Little Johnny Hernandez takes advantage of Santa (Kenny Kee) Claus' visit to Mt. View and gets ready to tell Santa everything he has on his Christmas list.

(BELOW) The musical piece "Gavotte" was presented in a duet by advanced guitar students Alfredo Luevano and Alice Forbush.
(BOTTOM) Providing the entertainment for the Christmas assembly, the Viking Band played many songs which included, "Sleep Little Tiny King", "Prelude to Christmas" and "Parade of the Wooden Soldiers."

Excitement Changed the Routine

No longer did students have to suffer through the boredom of the lunch hour. This year a number of noontime activities-such as the donut-eating contest, volleyball and badminton tournaments, and noontime dances-filled the gap between 3rd and 4th hour, adding a little excitement to the daily routine.

(RIGHT) Technique and style may not be displayed by Sandy Simpson, but fun was the name of the game in the 2nd annual badminton tournament. All donations went to the GAA - sponsored muscular dystrophy drive.
(BELOW) Kenny Kee is congratulated by Mr. Greg Goodyear after setting an unofficial world donut eating record of 24 donuts in 15 minutes, while Ernie Herrera, of MECHA, presents him with the first place trophy.

(RIGHT) Denise Diaz gives her campaign speech in a successful bid for the office of junior president.

Enjoy Yourself

Brought to campus by the ASB Commission for the enjoyment of the student body were two assemblies which proved to be out of the ordinary. The first was presented by Mr. Craig Vestermark who showed films on the unusual sport of barefoot water-skiing.

Two members of Campus Fellowship put on "CHRYSALIS," an audio visual production involving three large projector screens and quadraphonic sound. A variety of other assemblies were presented to the students, including the campaign, pep and awards assemblies.

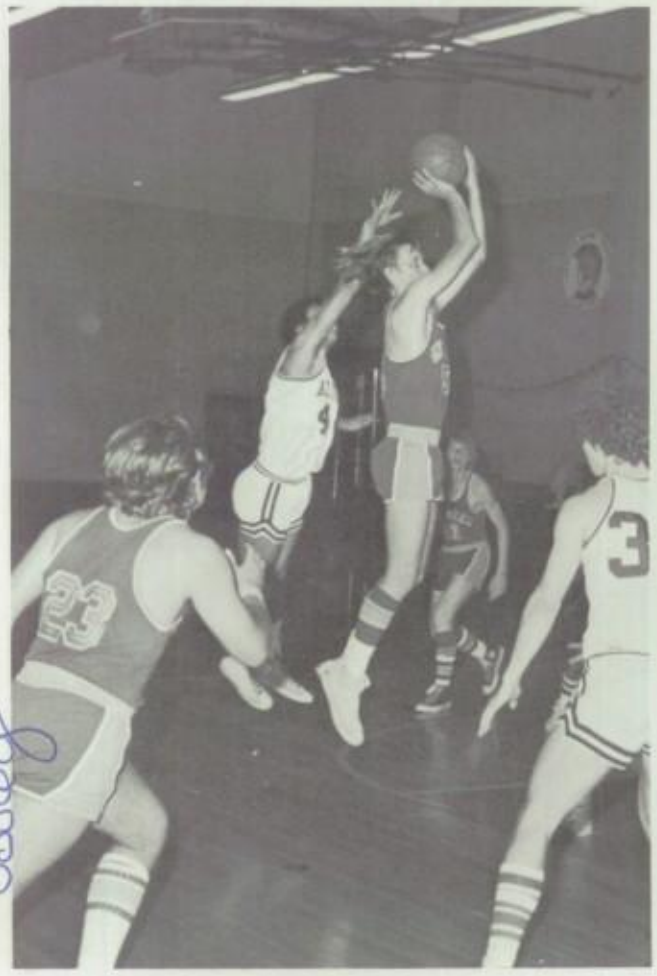
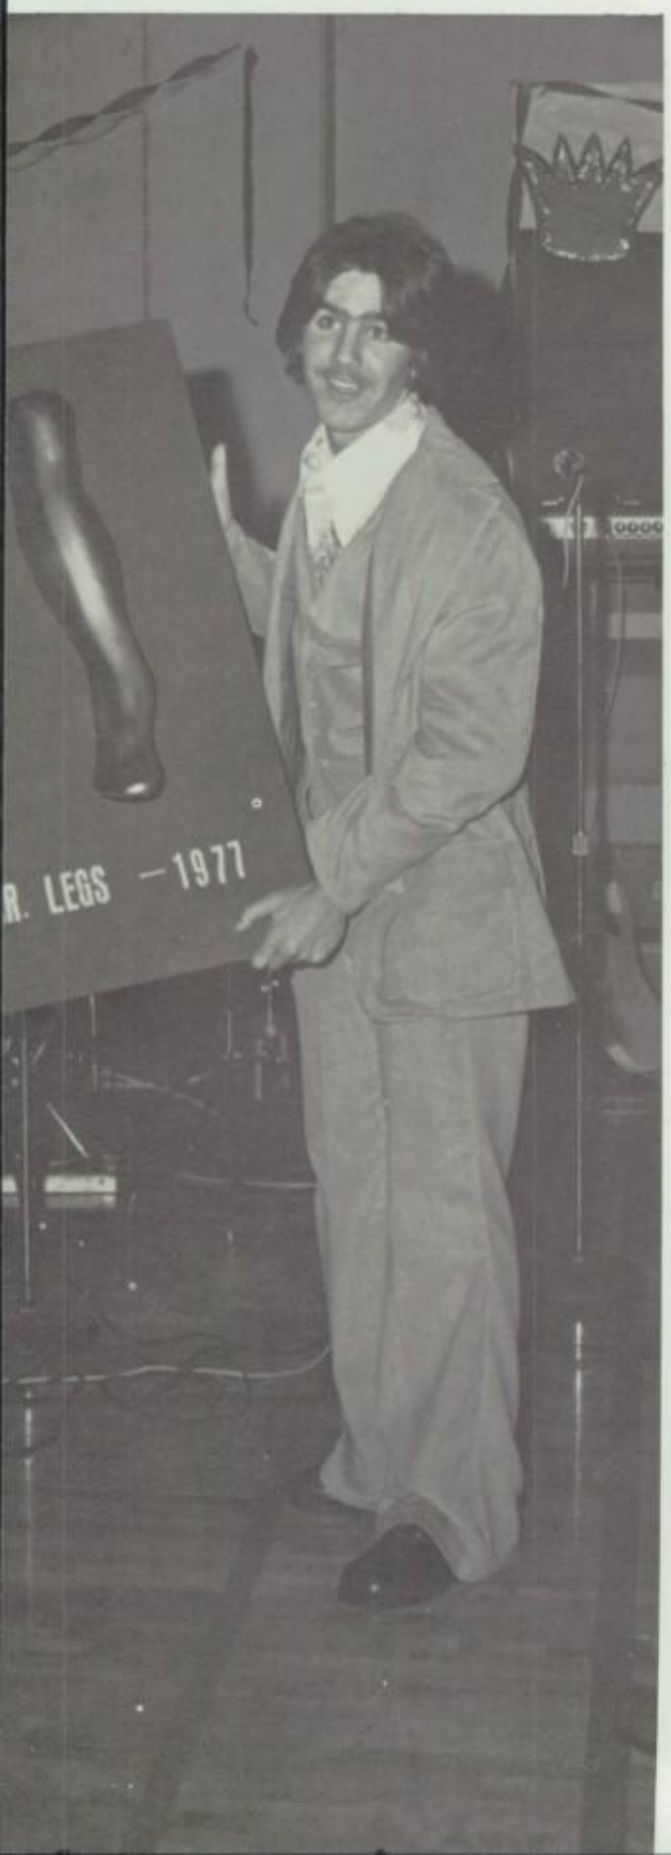
(FAR RIGHT) After the announcing of Mr. Legs, Margaret Modarelli, ASB Vice-President, presents Daren Wallach the trophy which was specially designed by Laura Griffith for the contest.



An Old Tradition With a New Twist

Providing a different look to the Miss School Spirit contest at the varsity basketball game on February 18th was the presentation of the "Mr. Legs" award. Daren Wallach was selected over four other senior contestants in a noon-time voting to become the first recipient of this award. However, the big event of the evening was still the crowning of the senior girl voted to have the most spirit.



(ABOVE) Candidates for the first annual Mr. Legs contest display their legs during lunch while people vote. The five finalists were Mike Folden, Steve Stokes, Art Rodriguez, Greg Garrison, and Daren Wallach.
(LEFT) The juniors show the spirit they've maintained all year in an unofficial competition between classes.

The Past Lives Again

One could almost feel that pioneer spirit in the air as students showed up to school dressed in the style of early California. The day's events consisted of a costume contest, booth judging, three-legged gunny sack and wagon races, and a rare musical performance by Mr. Jim Dalton. An abundance of foods and festivities brought everyone together in the spirit of the occasion.

(TOP) Vocal chords straining, Mr. Dalton entertains the crowd with several humorous songs.

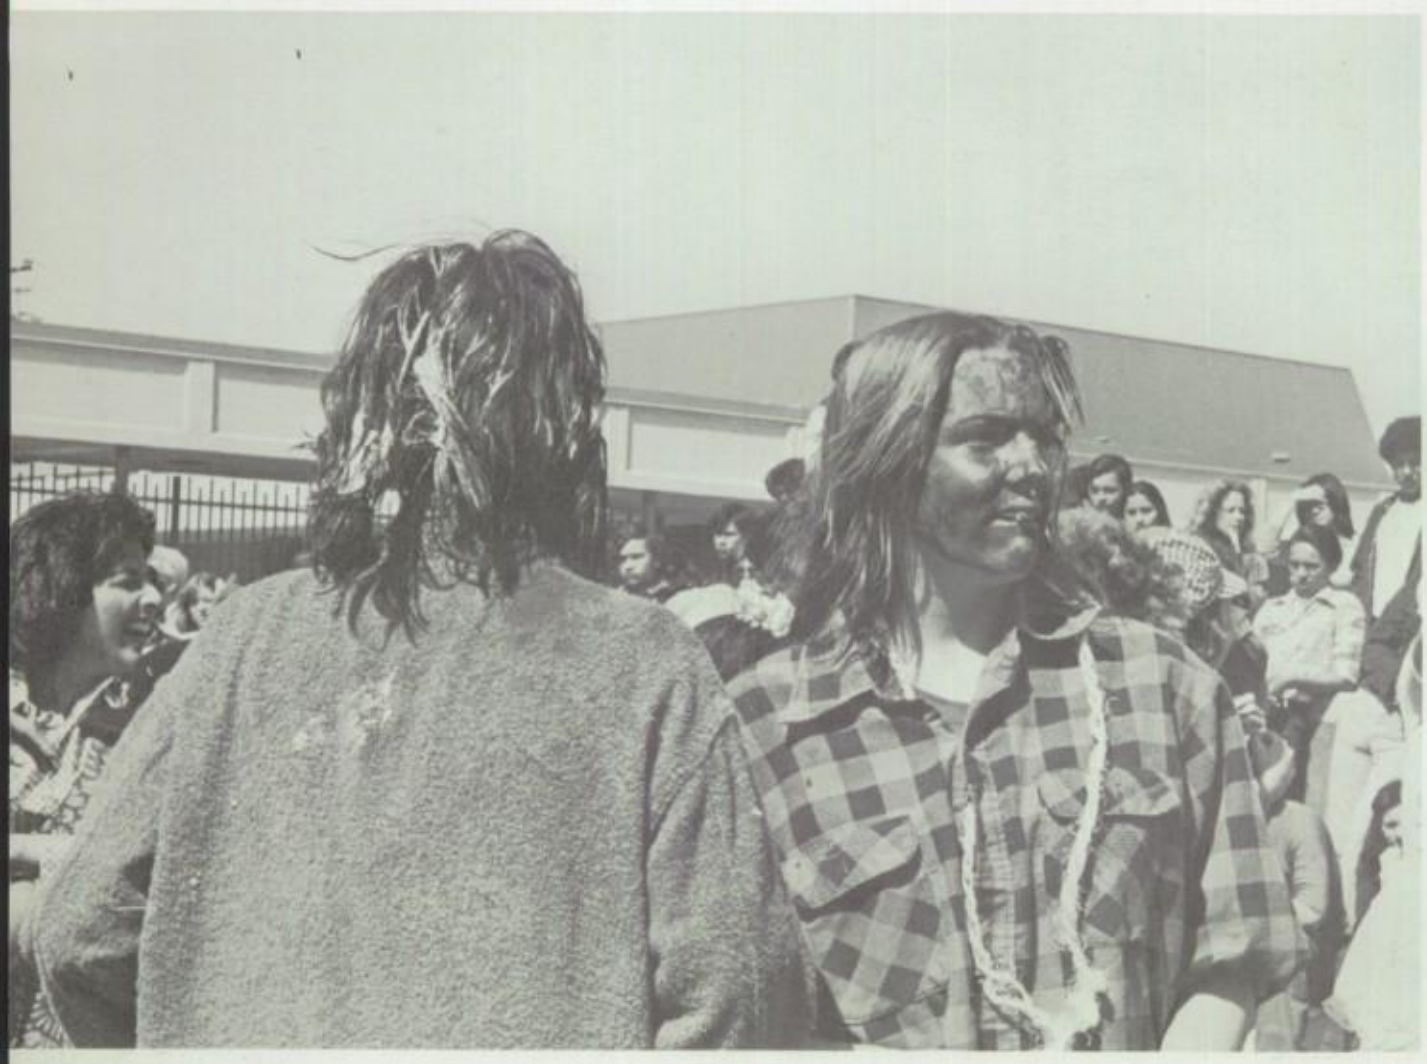
She Who Laughs Last . . .

March roared in like a lion and brought with it the annual slave and revenge days. The girls went on the auction blocks first, with the guys engaging in fierce bidding to earn the right to have a slave for an entire school day. As slaves, the girls had to dress as their masters wanted, and they were required to perform slave tasks throughout the day.



(TOP) Proving that fun and disaster go hand in hand with slave day are Heidi Gonzales and Nance Eason. (ABOVE) Frank Lujan and Tim McCafferty rattle their chains during the revenge day auction. Happy Days Are Here Again

Turning the clock back to the era of bobby socks and leather jackets, students were able to temporarily relive the unforgettable 50's.

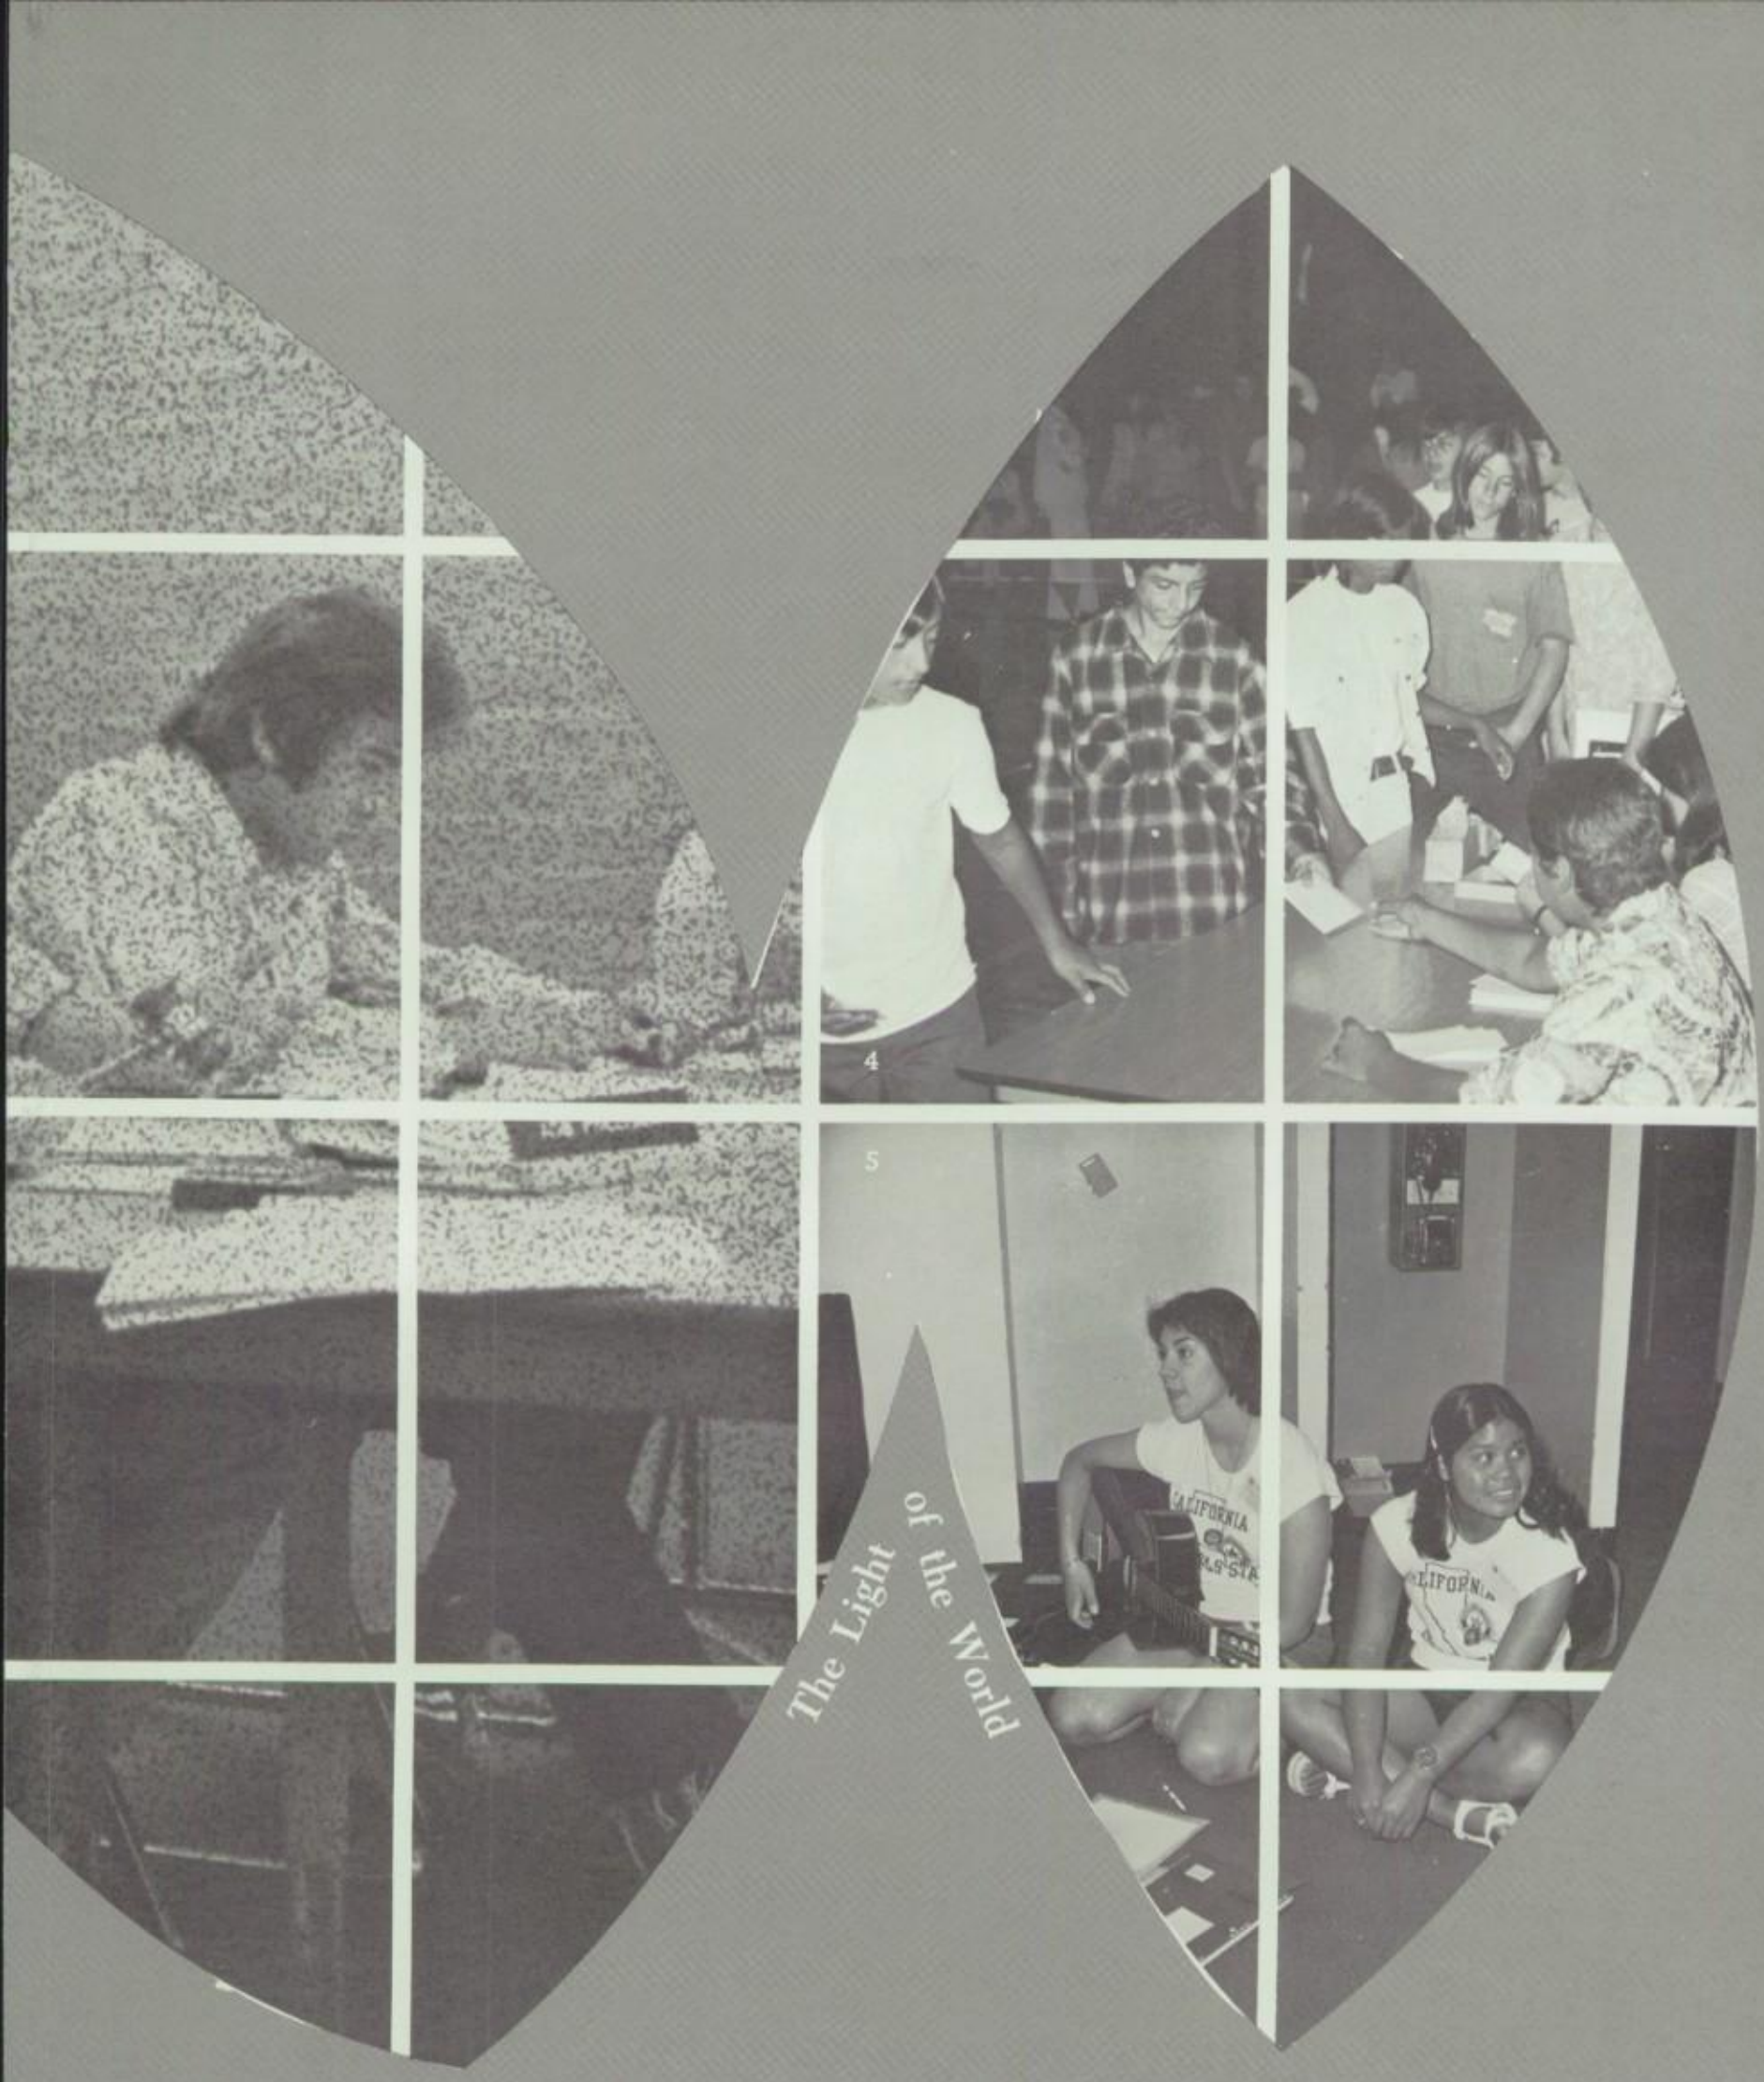
Beginning the week's activities was the telephone booth stuffing contest, in which determination led the irrepressable, yet compressable, sophomore class to victory, as they stuffed a total of eighteen people into the booth.

Brute strength helped the seniors win the volkswagon pushing contest, setting the first school record of 80 sec. around the designated track area. The bubble gum, ice-sitting, and hula-hoop competitions, along with a car show, highlighted the Friday lunch hour. Ice-sitting proved to be too chilling an experience for all but the senior class representative, Gary Sanchez. Freshman Mike Gonzales won the bubble gum blowing contest, while the juniors showed that they were in the swing of things by winning the hula-hoop contest.

The annual fifties dance sponsored by the freshman class climaxed the end of the week, entertaining over 500 sock hoppers with the sounds of Shh-Boom. Frank Lujan and Yvonne Perez were chosen as best dressed, and Rick Jimenez and his dance partner, Ginger Love, took first place in the dance contest.

Fifties week was, to say the least, a memorable and eventful one for participants and spectators alike.

1. In charge of the homecoming festivities, senior Grace Iinuma puts last minute touches on the homecoming float.
2. Several commission members listen with interest as a clean campus week is planned.
3. Fall ASB President Yancy Miller presides over a commission meeting.
4. Commission members Robert Rodriguez and Robin Adams pass out ballots during the freshmen elections.
5. Girls' State representative Mona Ramirez plays the guitar with a friend during her trip to Sacramento last summer.



The Light of the World

It All Falls Into Place

The fall commission proved to be very productive in terms of getting things accomplished. The commission made and set up half-time festivities at the football game for homecoming, and continuing their trend, did equally as well with the after-game dances. The commission also sponsored a successful canned food drive, aimed at helping needy families. They were also responsible for Santa's visit to the campus the week before Christmas vacation. An effort was made to plan enjoyable activities for the student body with the help of the faculty and staff.

We Do It All for You

If there is one thing that the students can be proud of, it is the operation of the student government. The first semester officers showed that they were very capable of initiating an idea and then carrying it into action. Some of the activities of the classes were: the sophomore-sponsored Sadie Hawkins dance, planning for the prom by the junior class, the Christmas Ball, spook house, and lunch auction sponsored by the seniors, and the beginning of preparations by the freshmen for the annual 50's day and dance.

Special Days Highlight the Spring

Faced with the dual tasks of planning student-oriented activities and seeing that these activities were executed smoothly, the spring commission found itself continually busy with such diverse projects as corraling carousing cowboys on western roundup day to savoring the foods and festivities of the music-filled Cinco de Mayo celebration.

Taking Over Command

The purpose of the commission is to represent the interests of all the students. This responsibility takes many forms, ranging from passing proposed activities to keeping account of class and club expenditures. Coordination of events is an important part of the commission, since regulation of activities provides an even flow of affairs throughout the calendar year.

A Touch of Class

At one time or another all of the spring semester class officers could have been found asking themselves, "How did I get myself into this?" A reasonable question when one realizes the amount of work involved in planning class events. Setting a proper example was the freshman class who sponsored the always popular 50's dance. Providing an opportunity for displaying the entertaining talents of students and teachers, the sophomore class organized the third annual talent contest. The junior class carried the Junior/Senior prom off with a grace that will long be remembered, while the senior class busied itself preparing for senior rituals and graduation.

With an Added Touch

Retaining their trophy for the Mission Valley League Championship for the 2nd year in a row was the varsity cross country team. They did it this year with an added touch, a perfect dual meet record of 7 wins and 0 losses. Receiving honors on the Mission Valley league 1st and 2nd teams were Sal D'Amico and Ed Martinez, respectively. Team Captain Everett Pacheco was voted most valuable runner for the 3rd straight year. Pacheco won the individual championship in '74 and '75 but did not run this year due to an injury; however, he was named to the San Gabriel Valley cross country team. Most Improved runner Sal D'Amico, along with Everett Pacheco and David Flores, won individual trophies at the Road Runner Invitational at Legg Lake. Cresenta Valley was the site for the Ken Staob Invitational in which the team won the small school division trophy.

Captains Place in League

Cross Country is a race of endurance and speed. These qualities were shown by the JV team as they had a rewarding season, winning against La Mirada and Monrovia. Captain Lance Fisher showed great stamina as he took an 8th place medal at league finals. Fisher was also the most valuable runner for the season.

Leading the Frosh/Soph team was most valuable runner Jeff Hunt. Captain Hunt received a 3rd place trophy at the Legg Lake Invitational and placed 6th at league finals. A 10th place trophy was earned by freshman Richard Romero at the invitational. The team did a fine job all season long as they had a record of 2 wins and 3 losses, beating La Mirada and Schurr.

Both teams came through with the determination and readiness of a cross country team.

Three Receive Team Honors

Unable to put together a consistent team effort, the varsity football team struggled through the season, managing only one win against cross-town rival El Monte, 13-2. A major highlight for the Vikings was the naming of junior Jacko Romero (line backer), senior Tom Gil (offensive running back), senior Charlie Gil (wide receiver) to the 2nd team All-Mission Valley League. (Charlie also received 2nd team honors last year as defensive cornerback).

Tom Gil led the offensive charge as the leading ground gainer, while junior Art Nava paced the defensive unit with the greatest number of tackles. Seven interceptions, a school record, and 22 pass receptions enabled Charlie Gil to earn the most valuable player award, while junior Danny Macias was voted most improved.

Defensive Strength Helped Them

Determination and confidence were the trademarks of the sophomore football team as they played to a 2 win-3 loss league record. Lacking a strong offensive line to provide the extra punch, the team showed great defensive strength as they prevented eventual league champions, La Mirada, from penetrating the Viking 25-yardline, only to lose the game on a trick play. At one point the defense did not allow a touchdown for 11 straight quarters. Running back Frank Calderon was named the most valuable player.

Winning the first game of the season against Ontario was a positive start for the freshmen as they beat the Jaguars, 6-0. Against Mira Costa they fought to a draw, 14-14. Although unable to win any of the remaining seven games, the players exhibited spirit and determination while on the field. Representative of this attitude was the effort of M.V.P. John Arvizo who gained 425 yards rushing. The defensive unit was anchored by the outstanding play of Sergio Ybarra who made 62 tackles.

Spirits Soar

Beating Mark Keppel must have been the most exciting game for the varsity volleyball team. Keppel won the 1st round but the 2nd round belonged to Mountain View. As the girls continued with their determined endeavor, they went all the way to a victory. Eleanor Flores improved the most during the season and Virginia Gutierrez was the most valuable player on the team this year. Doing well throughout the season, the JV team worked with great effort. Captain Robin Adams was voted most valuable player on the team with freshman Margie Hernandez receiving the most improved player award.

The attitudes in both varsity and JV teams were outstanding, their spirits high and their willingness to do their best never fell.

Pep Talk Helps

A tremendous amount of effort and sportsmanship was shown by the varsity tennis team though they only managed one close team win against Monrovia. Spirited encouragement was provided by Coach Smoot as she always had something positive to say before, during and after the games. Captain Vicki Urban earned the Coaches' Award for her enthusiasm and team leadership. Playing very well for the season was Rachel Mejia as she was named most valuable player. Also playing extremely well for her first time on the tennis team was most improved player Connie Rios.

Even a team record of 0 wins and 8 losses couldn't stop the energetic JV team. Many of them were first year players willing to try their hardest and to do their best. Nance Eason, the most valuable player, was the most consistent in winning her matches. The most improved player award went to freshman Debbie Kendricks who showed great promise for the coming years.

A Goal to Reach

Winning seven straight games in a row sent the varsity soccer club into the season on the right foot. The team was largely composed of experienced players which helped to insure a successful squad. Highlighting the season for the squad was the Montebello Invitational Tournament where they took the consolation trophy, defeating Bosco Tech and Workman High School, for the second year in a row. Making first team all-league was Javier Mendez, and Martin Jimenez made 2nd team all-league. Receiving the most valuable player award and 2nd team all-league was Angel Ocana, most improved went to Jose Luna, while Javier Mendez and Roberto Sanchez also received awards for their contributions to the squad's success. As the team ended a rewarding season with 9 wins, 7 losses, and 2 ties, they will be more hopeful for the championship next year.

Performing with excellence this past season were the JV soccer players as they had an overall record of 7 wins, 6 losses, and 2 ties. Leading goal scorer was Tony Gamboa with 4 goals, followed by kicking specialist Carlos Guevara with 3 goals for the season. Goalie Victor Garcia received the most valuable player award for his outstanding efforts.

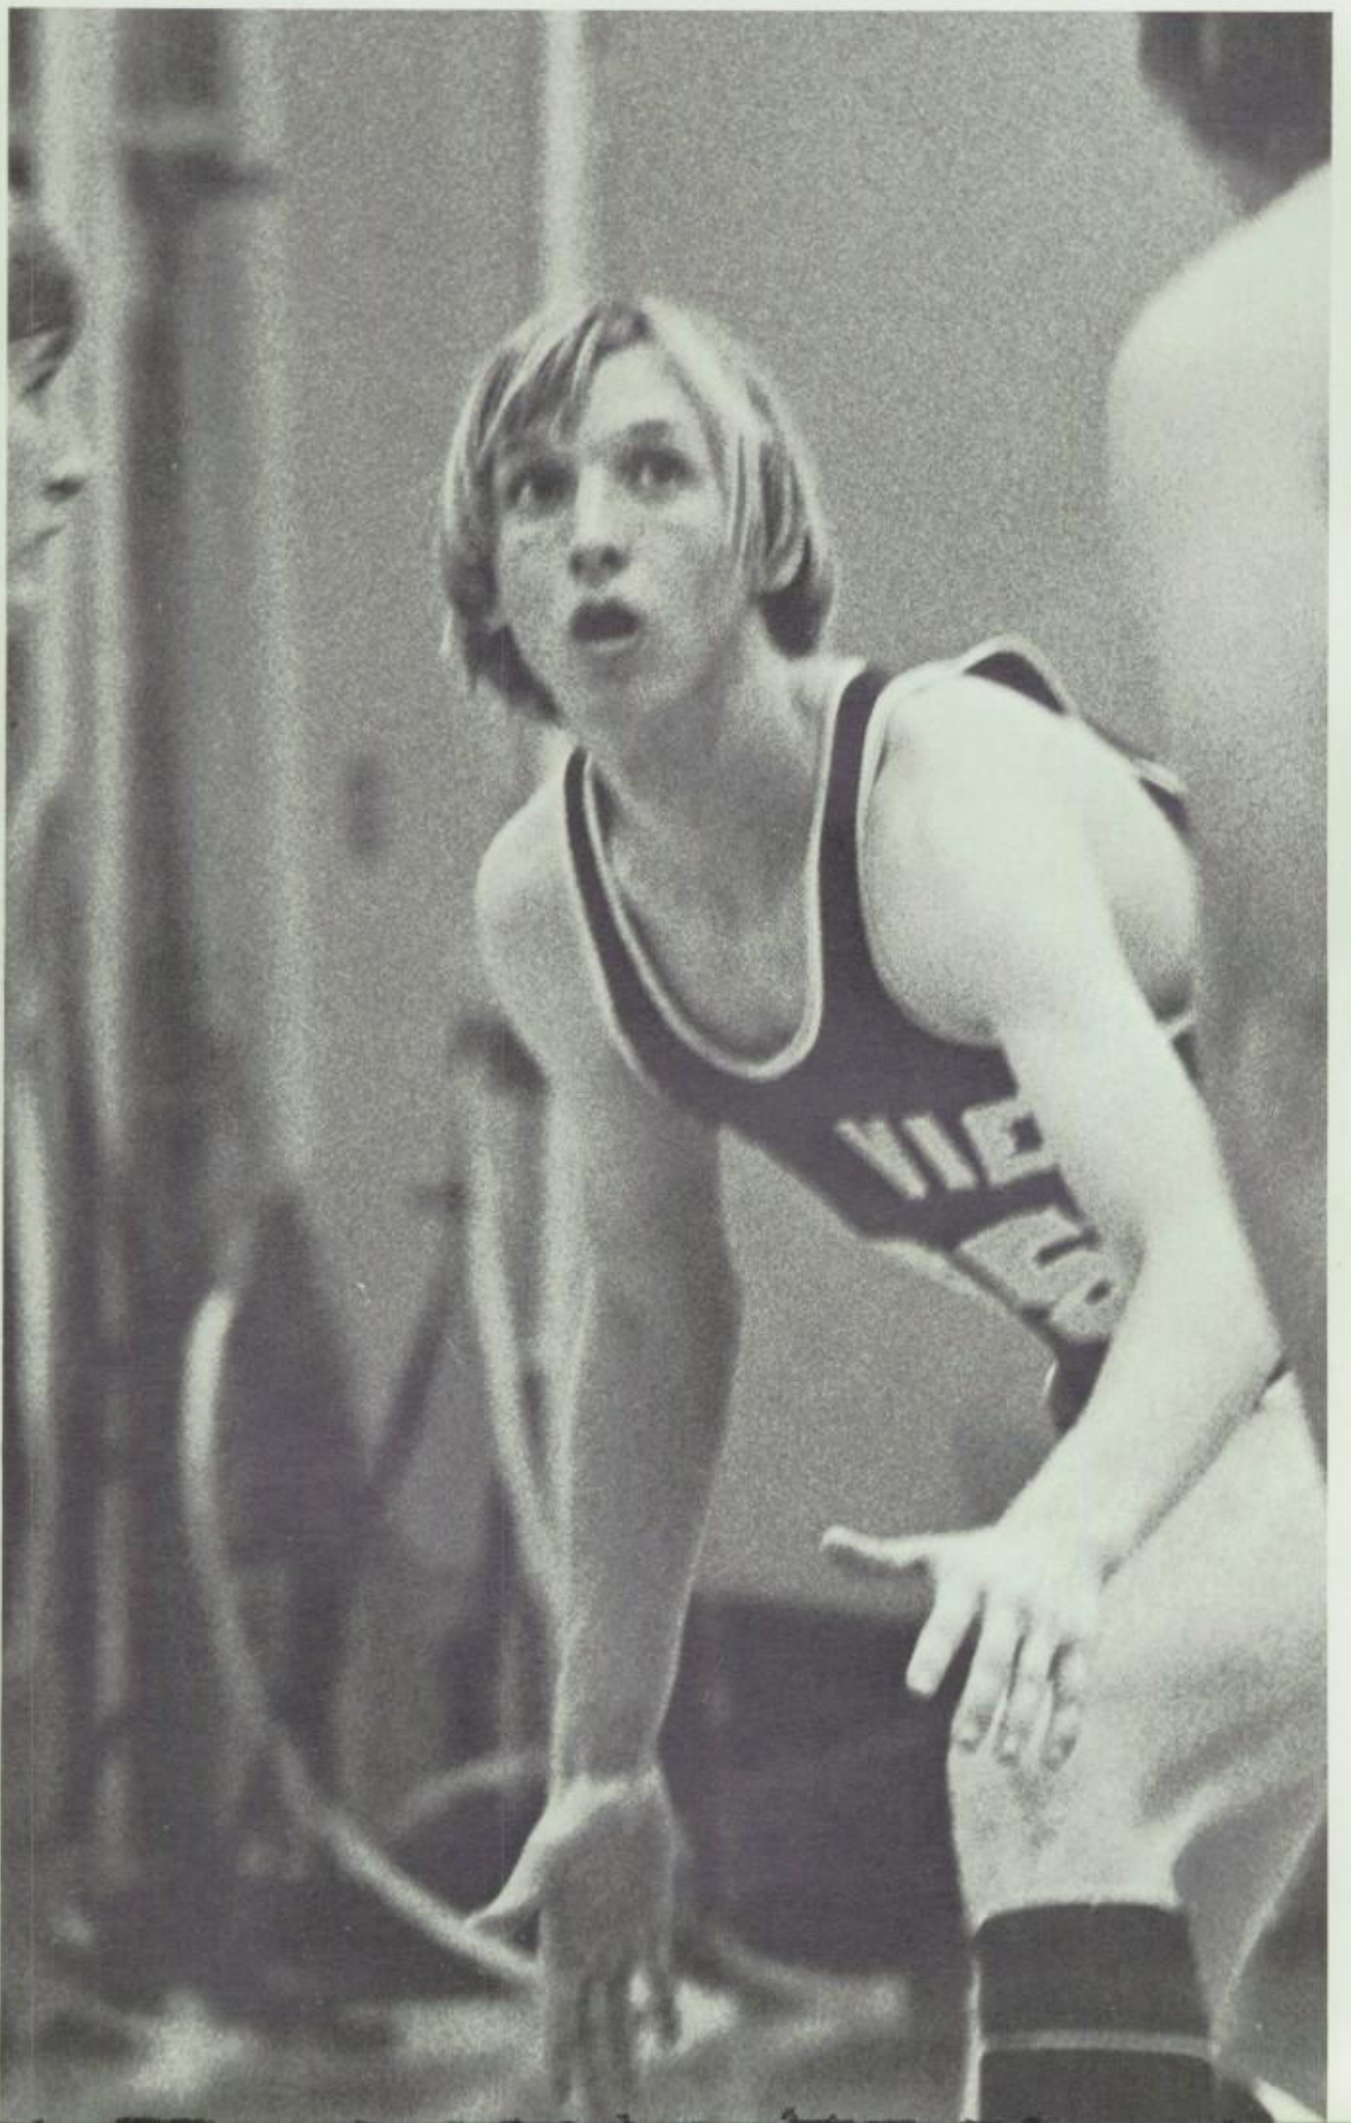
Overtime Most Exciting Aspect of Play

Selected as the most valuable player, captain Tim Coats played well throughout the season as he scored 428 points for a school record and was named to the Mission Valley All-league team. The squad as a whole also had a fine season as they recorded a total of 12 wins and 11 losses. They placed 2nd in the Norwalk Tourney, losing the championship game to Monrovia by 2 points in overtime. Only one team beat Monrovia in league, and this same team went on to beat the Arroyo Knights in overtime and the Schurr Spartans in double overtime. Doing it all was the Viking varsity basketball team who ended the season by placing 3rd in league.



(ABOVE) Leaping up is senior Joe Sanchez as he aims for the basket.
(LEFT) Center Tim Coats is a study of concentration as he prepares for the jump ball.

Looking Forward to a Rebuilding Year

The varsity basketball team will graduate seven players, and their positions will have to be filled from the rank of the JV team. This will make next year's varsity team young in experience with a new and fresh team attitude.

Although the junior varsity basketball team finished the season with a 5 win-19 loss record overall, the team showed a good attitude and practiced hard throughout the season, staying up for each game despite their 0-10 league record. The most valuable player award went to Jose Raigosa who led the team in scoring, rebounding, and steals. Freddie Ortiz did a fine job at guard, as he was second in scoring and was tied with David Reyes for the most assists. The most improved player was Bob Duchess who finished 3rd in scoring and 2nd in rebounding. Doing a fine job were center Tom Hernandez and guards Noa Cossio, Joe Ottrando, and Jacko Romero. Also helping out with the team in their own way were manager Sam Aguilar and score keeper Robin Adams.

Sophs, Frosh Play Well

Great stamina and poise were shown throughout season play by members of the sophomore basketball team, a fact not reflected in the squad's 8-12 record. Even the efforts of captain Oscar Vasquez and most valuable player Gilbert Sanchez, who led late-in-the-game comeback attempts, were unable to pull the Vikes out in front, resulting in several losses by four points or less.

"Quit" was a word unknown to the freshmen basketball players as they battled their way past teams much larger than themselves to post an overall 10-10 season record. A second place finish in the Keppel Freshmen Tournament and the placing of Sal Ramirez on the all tournament team highlighted season play. Most valuable player John Hindman led the team attack as he scored in double figures in 15 out of 16 games. Directing action in the backcourt were captain Robert Moreno and Art Cossio, while Ruben Mireles and Moses Diaz were strong off the boards.

New Coaches Give Team New Look

With an average height of just 5'5", the girls' varsity basketball team took off like a bullet enroute to their best season ever, under the guidance of new coach Lis Smoot. Playmakers Becky Moreno and Gloria Barrera led the Viking attack, while the outside shooting of guards Kathy Criswell, Pat Cordova, and Nancy Vasquez gained many crucial points for the team. Height was provided by centers Lorrie Palmer and Isabella Charles, with Theresa Lopez, Julie Meza, and Cindy Van Haasen outrebounding their opponents to give the squad an edge on the boards. The return of alumnus Doreen Garcia to coach the JV's helped them break past performance records as a new supply of freshman talent improved the team's overall basketball skill.

Matmen Finish Strong

Beginning the season as a strong contender for the league title, the varsity wrestling team lost dual matches to Mark Keppel and Arroyo to dash its hopes of bringing home a league championship. Despite this, four grapplers made their mark in the record book by capturing individual championships in their weight classes. They were: junior Memo Jasso (136 lbs.), junior Art Nava (157 lbs.), senior Earl Freeman (168 lbs.), and junior Adrian Aguilar (178 lbs.). Unable to cap a fine season (he placed first in the Santa Fe tournament) with a first place finish in league, sophomore Mario Paredes established without a doubt his determination to win as he finished the season with the best win-loss record in the school's history (14-2). Art Nava posted a 16-5 record, with 13 of his wins coming by fall. Others with fine performances were Memo Jasso (15-6) and Rick Jimenez (12-7).

JV's Sharpen Skills for Future

Individual performances were the mark of the junior varsity matmen as five of the wrestlers completed a successful season with an eye to filling varsity positions next year. Junior Jack Lopez (168 lbs.) was undefeated in ten matches and placed first at the Baldwin Park novice tournament, while sophomore Tom Castaneda (123 lbs.) was 11-2 overall and finished first at the Arroyo Frosh/Soph Tournament. Others having fine records were Tom Reyes (7-2 at 154 lbs.), Henry Coronado (8-2-1 at 129 lbs.), and Frank Sutley (7-3 at 177 lbs.). Overall, the team won 5 and lost 3 dual matches.

Singles players Ed Salido and Jason Ho established themselves as early season leaders for the JV tennis team, a group which found inexperience and lack of depth its main obstacle. The frosh showed signs of being able to hold its own as they beat rivals El Monte in a pre-season practice match.

Racquetmen Set Sights on Best Year

Can two juniors, five sophomores and one freshman lead Mt. View to its best finish ever in varsity tennis? Coach Mike Kleine and a squad of young but aggressive athletes think so. Behind the determined play of sophomore Joe Ottrando and junior Randy Blount, the outlook for tennis looked extremely bright with the best to come next year.

Three Return to Lead CIF Bid

With a new coach and experienced squad, the varsity baseball team entered the season with high hopes of a high finish in league and a possible berth in CIF. Three players from last season who received all-league honors provided the leadership and helped ease the burden for rookie coach Vic Chavez.

Building a Ball Club

It had to be a good season with sophomores Richard Carrion pitching and Carlos Guevara catching for the JV team. Two other fine ball players on the team, Randy Roche and Rich Salido, revealed their talents at the beginning of the season. The main goal for the JV baseball team was not only to put together a winning ball club but also to build up their pride, potential, and motivation.

Lack of previous playing time appeared to be the main handicap for the freshmen baseball team as they prepared to enter league play. Danny Martinez at first base and Sam Macias in center field emerged as two fine athletes early in the season and were expected to provide the leadership for the squad.

Play Ball

Spring brought with it the cry of "play ball" as the girls' softball team looked forward to an eventful season. A small group of returning players provided the nucleus and were expected to lead a large group of new recruits.

A Gym Full of Birdies

Requiring much practice and hard work to perfect the skills of the game, the girls' badminton team spent many mornings and evenings at workouts in the gymnasium. The air was often full of birdies being hit back and forth by the players preparing for the opening of league play.

(LEFT) Teaching senior Gail Keel to follow through with her strokes is JV coach Linda Logan, a former student and badminton player at Mt. View.

Individuals Shine in Competition

Although lacking the numbers and depth to make the team competitive in dual meets, the varsity track team stood out with the outstanding performances of several individuals. Returning league champions Sal D'Amico (880-yd.), Mike Earnest (pole vault), and Javier Mendez, David Flores and Lance Fisher (mile relay) sought to repeat their winning efforts and continue into CIF competition. Coaches Gene Prieto, Ralph Hernandez, and Jim Contreras provided guidance which enabled many of the performers to consistently improve their best efforts.

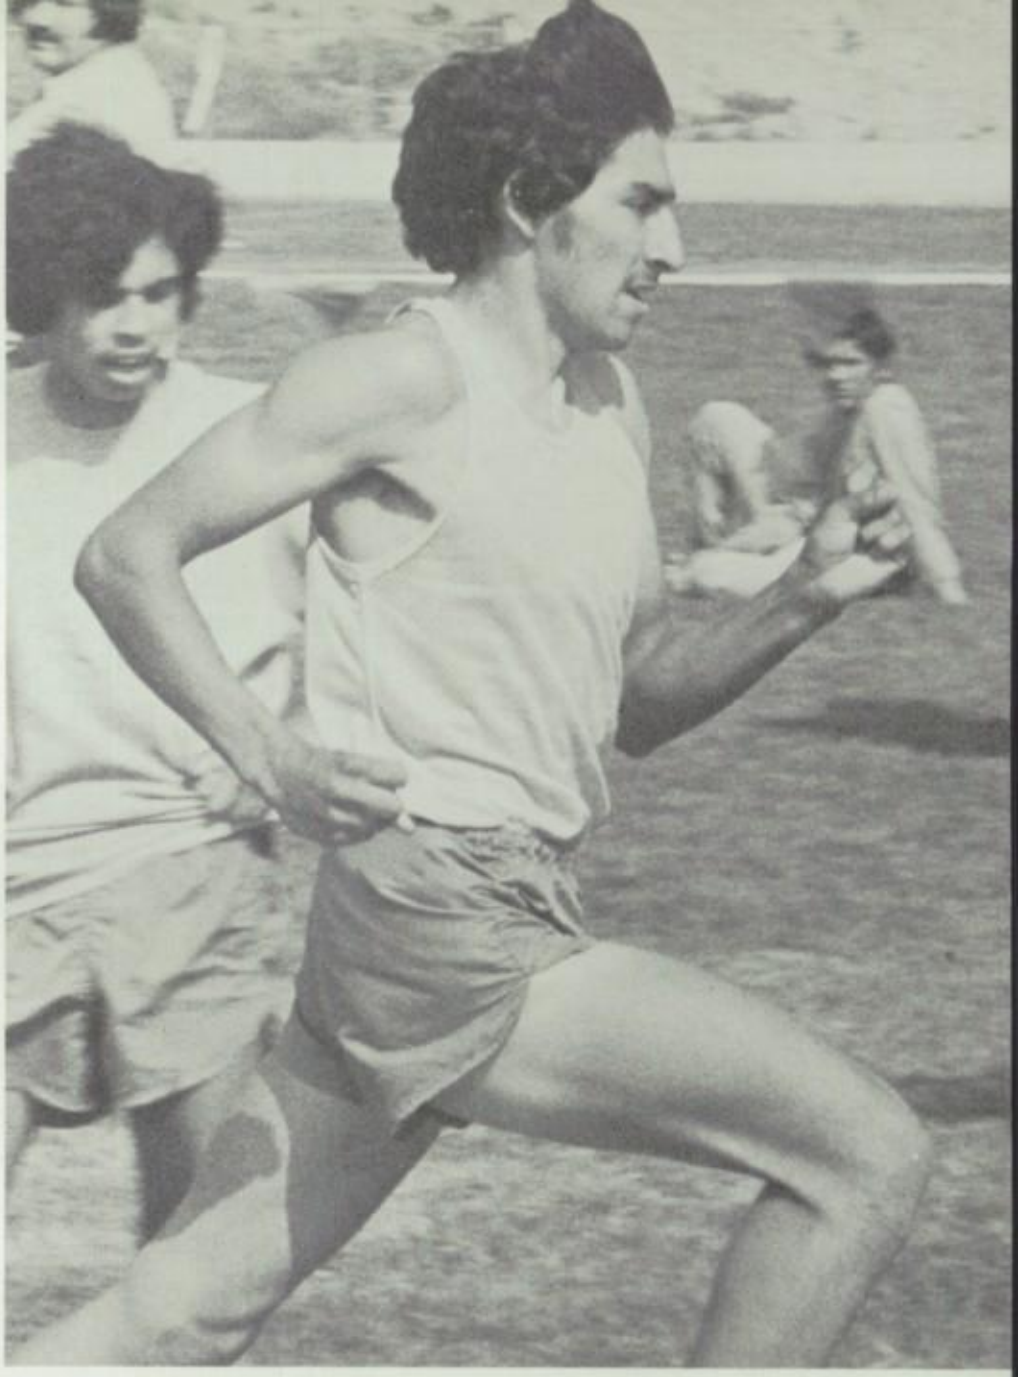
Call It Teamwork

Being a sport of individual efforts, track is made up of many different events, each requiring various skills. The varsity and frosh/soph track teams work together as a whole yet compete in their individual endeavors to produce a winning team.



(RIGHT) Practices pay off for Everett Pacheco as shown by his numerous achievements.

(BELOW) Rachel Mejia, along with teammate Karen Leonard and Coach Doreen Garcia show their approval as the team adds two points to the score.

Outstanding in Every Way

High schools produce many fine athletes through their athletic programs, but rarely are the likes of an Everett Pacheco seen. An outstanding runner in cross country and track, Everett will leave behind a legacy of excellence that will long serve as an incentive for Mt. View runners. His list of accomplishments is seemingly endless: three years undefeated in cross country dual meets, twice varsity cross country league champion, set a CIF frosh/soph record in the 880-yd. run with a time of 1:56.9 (still a record), member of the all-San Gabriel Valley cross country team as a junior and a senior, varsity track league champ in the 880-yd., mile and 2-mile. These fine efforts not withstanding, Coach Ralph Hernandez felt that Everett's best performance came in a dual track meet with Arroyo last year when he ran the 880-yd. (1:59.8), the mile (4:32.5), the 2-mile (10:07), and the mile relay (51.9 leg) with at most a half-hour rest in between.

Each year the girls' physical education department recognizes a senior girl who has shown scholastic and athletic achievement, a high quality of attitude, and an interest in and a support of the field of girls' P.E. and athletics. Rachel Mejia distinguished herself abover her peers to earn the award for her overall contribution to the girls' physical education program. Her accomplishments include: lettering in tennis (3 yrs.), basketball (2 yrs.), and softball (3 yrs.); a P.E. student service assistant; president of GAA executive board; most valuable player in JV and varsity tennis.

"I am very proud to be a freshman When I attended Kranz I was looking forward to becoming a freshman. I just couldn't wait to come into a new school and meet different people from other schools. When I become a sophomore, I will also be proud, just like I am right now."

Cathy Velasquez (9)

"I like Mt. View-the people, the teachers, and the counselors who help you all the way. I like the help the cheerleaders give to help make our school the best. I really admire the teachers who get up early to get to school to teach us. I am proud of our school and wish all my fellow classmates good luck."

Debbie Murphree (9)

"I am proud of being a freshman. I've always wanted to see how it feels to be one. You meet new people, you get new friends, but also keep the old ones. To me it means growing up and understanding more. I enjoy having the pleasure of being a freshman, being glad I can join more things, and getting more involved. Being a freshman is part of growing up."

The Young and the Restless

In the first year of high school freshmen students spend a considerable amount of time adapting themselves to their surroundings.

They find that locating classrooms and making adjustments isn't as bad as they had anticipated. The class of '80 eagerly looks forward to becoming more a part of the world in which they live.

(LEFT) Against cross-town rivals El Monte, the freshmen football team played well, narrowly losing 8-6. Here Sam Macias (30) leads blocking for running back John Arvizo (32).

SOPHOMORES . . .

. . . all students who are under 5' tall and bite their nails are called

"As I walk into this school I say to myself, 'I'm just a year higher than the year before. The doors are the same, the same color, the same size. The only difference is that the numbers above the door will be different than the year before. The teachers are different, that you can count on year after year.' But deep inside I say to myself, 'I've made it through another year, with two left to go. Sure, I feel proud that I'm a sophomore, but I'll be prouder when I become a senior graduating from Mountain View High School, the school I hope to give the best of my years to.'

Being a sophomore is important to me because it's a part of my life that will always be."

Anna R. Almonte (10)

"Being a sophomore is very special to me because it's a once in a lifetime thing. You feel more familiar with your school than you do as a freshman. You become more familiar with what to get involved in and what not to get involved in. You're more familiar with the school rules, teachers and counselors. It's a good feeling when the freshmen can look up to a sophomore."

Moving on

Into their second year of high school many sophomores found it to be the prime opportunity to take Biology. This year was no exception as they out-numbered upperclassmen by a large majority. Due to the increased enrollment, classes were packed in the biology classes, yet Mrs. Rose Gernon effectively handled the crowded conditions.

"As I grow older, people expect more out of me. Not just in school but at home, in my job, with friends, and even with strangers. They seem to think, 'Wow, she's a young woman now. Is she able to carry bigger responsibilities?' They test you in many ways.

At school I don't feel much different except when I start thinking that I have only two more years in high school. I wonder what it would be like in college, starting my career, and making new friends. Sometimes it scares me. I guess like everyone else, I'm looking forward to a great future ahead."

Angie Martinez (11)

"The time has gone by so fast that it's hard to believe the class of '78 will be graduating next year. It kind of scares me to think about leaving Mountain View so soon. I am just beginning to like it here.

I really regret the fact that I didn't become more involved in school earlier. Now it seems like I've been asleep the past three years. I'm awake now, yet I can't help feeling like I've wasted too much time. When I came here as a freshman, the four years to come seemed like they would last an eternity, but they didn't. Each year goes by faster than the previous one, and then it's over."

Energetic Exertion

With only one year left to go prior to graduation, the junior class could feel their Viking spirit swell to great proportions as they yelled and cheered to demonstrate their support. Their overwelming enthusiasm was evident with the winning of the school spirit stick a number of times at pep rallies throughout the year. Members of the junior class, with regular attendence at school functions, were able to rub off some of their love and pride on fellow students and faculty.

Think About It

Career planning is just one of the many things that students consider during their junior year. For the past three years, members of the class of '78 have been preparing to take their place in the job market. Some will follow their high school experience with college, while others will begin working immediately. Whatever route they choose, those who have prepared will find the time was well spent.

They Keep It All Together

After the cheerleaders returned from the United Spirit Association camp last summer, the students had reason to be proud of them. They brought back with them many ribbons which they received in competition with all the cheerleaders at the camp. Along with the ribbons, a trophy for excellence was awarded to the varsity squad. It certainly can be said that they have got it all together for themselves, as well as promoting spirit and keeping it all together for the rest of the student body.

New Uniforms Show Pride of the Purple and Gold

When Mt. View first opened its doors six years ago, the members of the school band began raising funds to buy new uniforms. This year, after dozens of fund raisers had produced over nine thousand dollars, the long wait was over. At a pep assembly held during the first week of school, the Viking marching band proudly revealed to the student body the new uniforms for which they had worked so hard to obtain. Looking on with great satisfaction were the parents of the band members, who contributed so much time and effort to the cause, and the band director, Mr. Dennis Royse.

Scroll Scrambles to Meet Deadlines

"On deadline day we scramble," comments Viking Scroll editor Loretta Pitford. The paper is published bi-weekly and requires hard work and a lot of time from the staff. Last summer Loretta was fortunate to be able to attend a newspaper conference for a week, and the staff hopes to send another editor again this summer.

Publishing a creative writing book at the end of the year to showcase the talents of the students is the main goal of Mrs. Pat Carratello's writing class and club. Besides poetry and short stories, the book includes artwork and photography entries from the students and staff.

Showing its face on campus for the first time this year was VICA (Vocational and Industrial Clubs of America), a club for students interested in trade, technical, and health occupations. One goal for the group was to build concrete benches near the grass areas on campus.

Dancing Is Their Thing

Performances at school functions as well as in the community is what it's all about for Ballet Folklorico. The colorful costumes in which they perform are hand-made, and much practice is required to master the dances. Ballet Folklorico is also a regular class, and those involved receive credit towards graduation.

A multi-culture organization, MECHA is open to all students who are interested in furthering their education. Planned fund raisers include a donut-eating contest aimed at setting a world record (which now stands at over 20 donuts in fifteen minutes).

We'd Like to Teach the World to Sing

Mt. View has two singing groups on campus. One, Mixed Chorus, is a group made up of freshmen and is basically a beginners class. This group often uses choreography along with their voices. A Cappella is the second group, which is made up of juniors and seniors. It is an advanced group for those who have had some additional singing experience. Their plans for the year include raising enough money for a choir shell to keep the sound of their voices from scattering. A new group on campus is the stage band, which includes singers and instrumentalists under the direction of Mr. Dennis Royse.

Kidnappers on the Loose

Kidnapping is just one of the many activities performed by the Valkyrie Drill Team. As a form of initiation, the new members were taken from their houses and paraded through the local Alpha Beta in costumes specially made for the event. The kidnappers, returning members from last year, then led the "victims" to captain Linda Jillson's house for a slumber party. Other activities for the group included performing at half-time shows and pep rallies and promoting spirit at all the games.

Remember the spirit ribbons sold on campus each year? They were sold by none other than the pep club. Money earned from the sale of ribbons was used to provide meals for the wrestling team during tournaments. Plans were also made to give a $25 scholarship to the most spirited senior boy and girl. The main function of the pep club, however, has remained the same: to provide spirit and enthusiasm at Mt. View athletic games.

Lights, Camera, Action

When the "On the Air" light goes on, one can be sure something good is about to happen. The T.V. Production class is well known for the K.M.V.H. Newsroom, a bi-weekly T.V. show that is shown to all the English classes. Not only does this program report on school events, but also on community events and local concert information.

Unknown to much of the student body is a club made up of concerned parents in the community. Their main purpose is to give financial aid to the athletic departments. This group is also behind a drive to have the city of South El Monte help finance the construction of a football stadium on campus. Who is this helpful group? They are the Booster Club, people who care enough to put forth time and effort towards bettering our school.

The success of many events at school is due largely to the support of the P.T.A. They chaperone at dances, help plan the senior all-night party, and devote a lot of time to school-oriented activities. Without them school functions would not have run as smoothly as they did.

They Do More Than Play Sports

All boys who have earned a varsity letter in any sport are eligible for membership to the Varsity Club. This year's club sponsor was Mr. Robert Casper. The club participated in various activities ranging from car washes, helping with the supervision of after school games and sponsoring booths for both the Frontier Day and Cinco de Mayo festivities. The Varsity Club topped off their year with a basketball game between club alumni and the present members.

Muscular dystrophy is a crippling disease which afflicts many young children. The Girls' Athletic Association on campus has shown a great deal of concern for these children by sponsoring an annual M.D. drive, in which the girls carry around canisters encouraging fellow students to donate to this worthy cause. In addition to this drive, all other fund raisers carried out by G.A.A. help support this effort. Planned fund raisers for this year included a badminton tournament and car washes. A volleyball tournament which was held in November proved to be very successful. Last spring (1976), a total sum of $600.00 was raised and this year the club had high hopes of attaining a goal of $1,000.00.

'All the World's a Stage'

Among the clubs that allow students to express themselves is the drama club. The goal of this club is to isolate acting talents, under the direction of Mr. Carl Fabrizio. Among the accomplishments of the club was their participation in the High School Film Festival, which was presented at Rio Hondo College on Feb. 24th.

A Christian oriented group, the One Way Club, is made up of students interested in learning more about their faith. Sponsored by Ms. Bettye Grelling, this group has also distributed New Testaments to willing students.

All students with high grade point averages are encouraged to join the campus chapter of the California Scholarship Federation. C.S.F. is an honor organization which helps qualifying students become more familiar with their college opportunities. The club's activities include visiting different college campuses in order to investigate desired courses of study. Under the direction of Miss Pat Duran, C.S.F. sponsored candy-gram sales along with refreshment booths on special activity days. The ultimate goal of a C.S.F. member is to become a gold sealbearer upon graduation.

Dedication Keeps Them Going

Aggravation, anger, exhaustion, happiness, excitement and finally pride were emotions felt by all those participating in the production of the yearbook. Hard work and dedication kept them going as they worked until eleven o'clock at night in room 369 the day before deadlines were due. Early in the year, the staff visited the yearbooking plant in Visalia where the students learned and observed how the book is constructed. Editor Gina Smith and staff member Frank Lujan brought back many new ideas and facts about yearbooking from week-long conferences they attended last summer in San Francisco and San Diego, respectively.

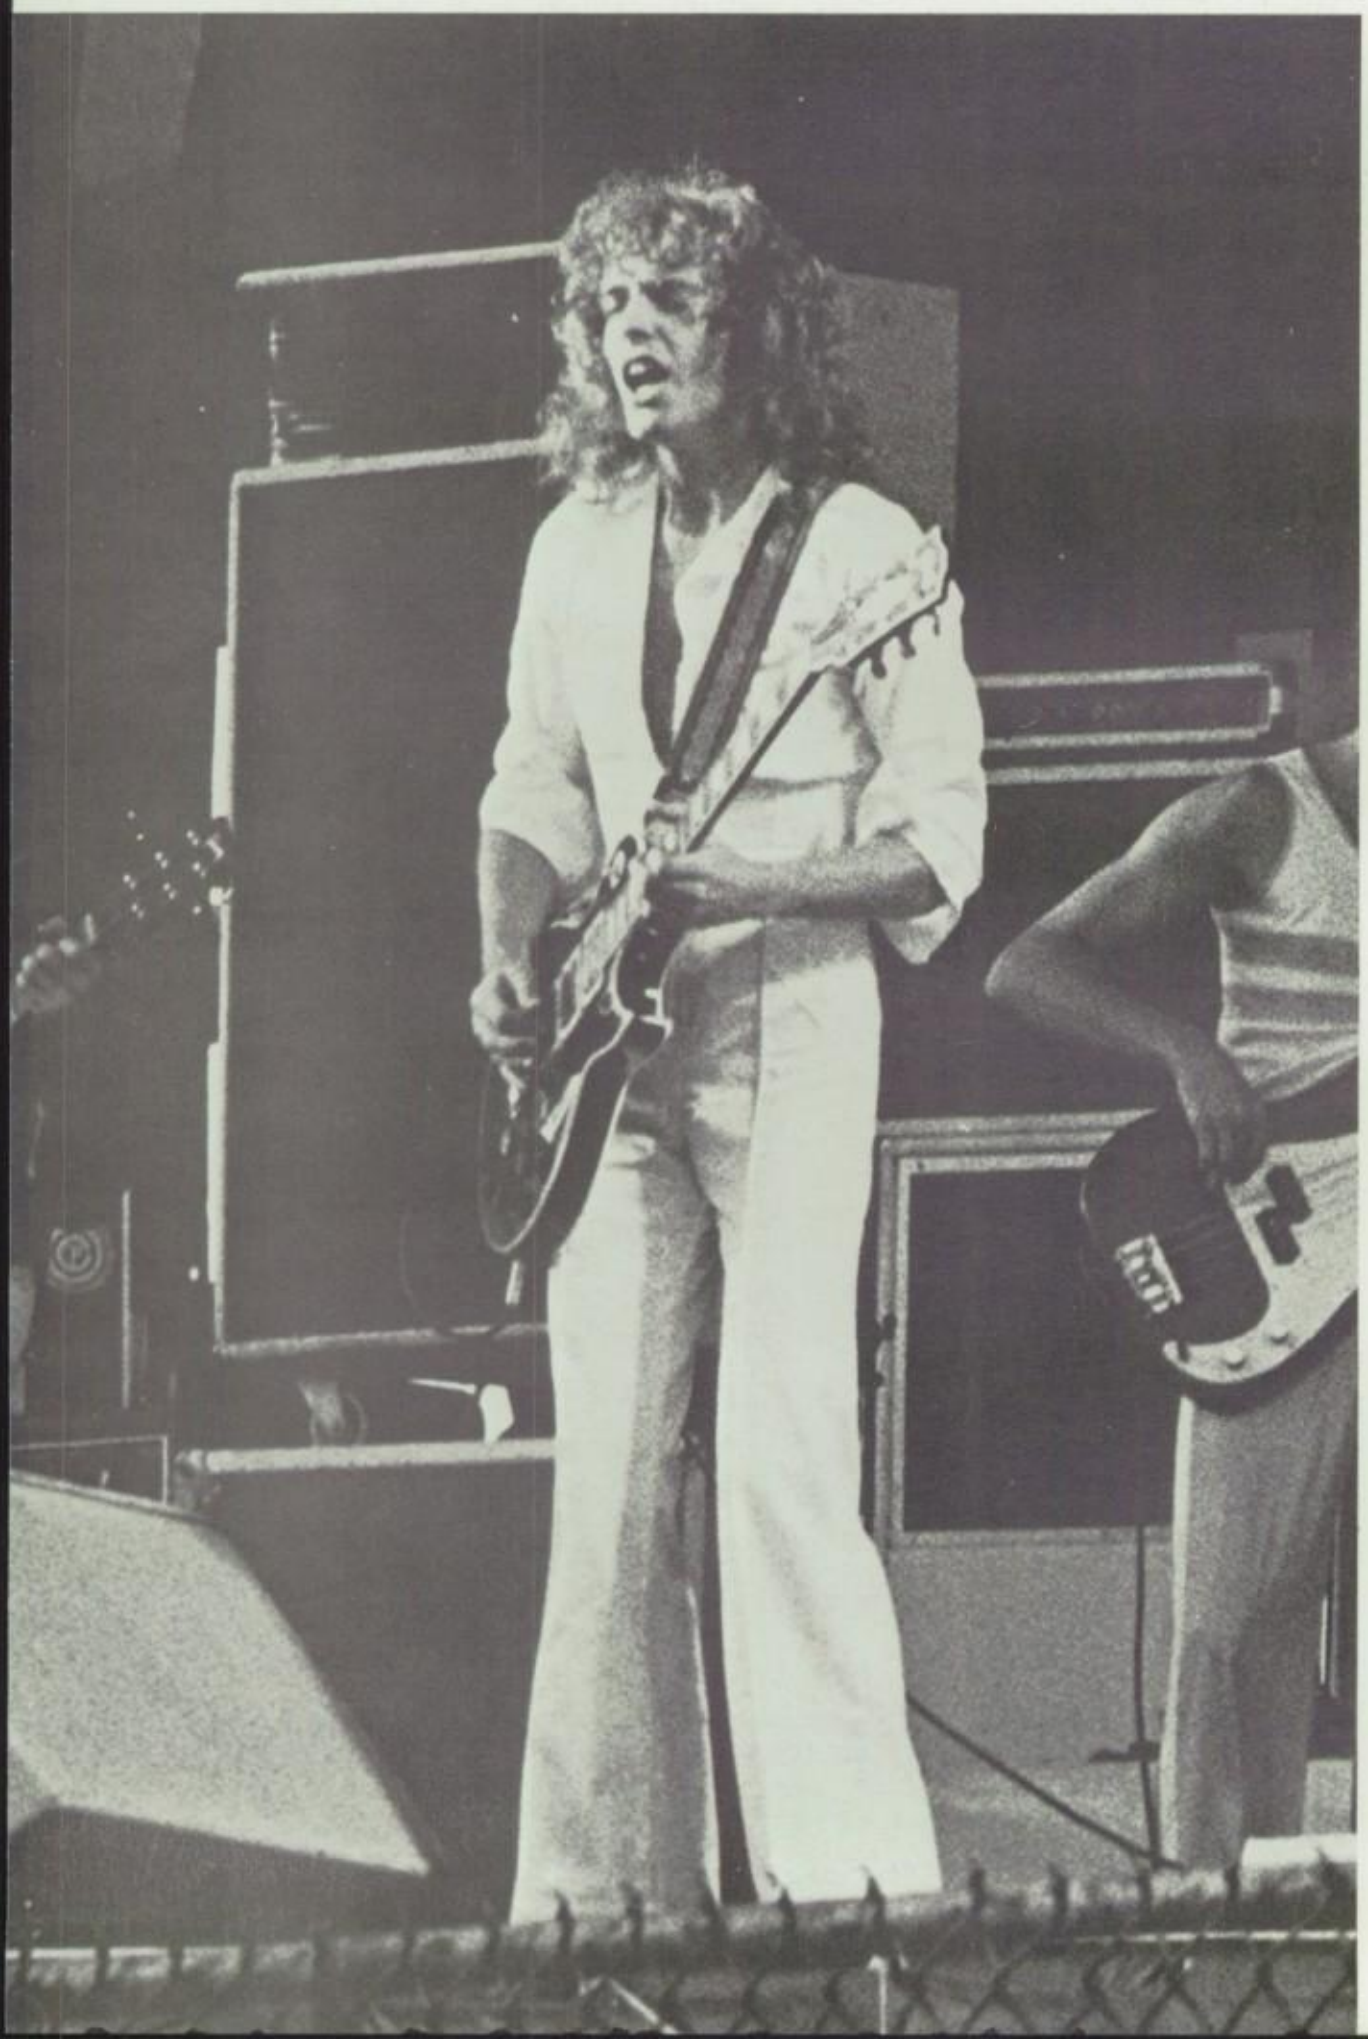
The Great Escape

Everyone finds himself wanting some time out or a place to retreat. Most people like to have some time to themselves, while others may wish to spend their quiet time with some well-chosen, close friends. It is often difficult to decide which way to turn and where to make an escape. Some examples of the more popular diversions include attending dances sponsored by car clubs, driving to the mountains or beach to catch a glimpse of a pastel sunset or sense the crispness of cool, fresh air. For others of us, a form of pleasure is to attend concerts which are suited to our individual tastes and styles.



"I think Frampton's concert was really great, you could tell everyone was really into it. The thing that really helps to make a concert is the people there, and the people you go with."

Tim McCafferty (12)

"When he came back on stage after his first break, the place went wild. He started jamin' on the guitar which brought the audience to their feet. But when he started to sing, "Do you feel like we do," I thought the place was going to collapse. During that song and the rest of the concert everyone was standing on their chairs."

Steve Stokes (12)

"I am really glad that I had the opportunity to see him. When he comes again I will definitely go see him. I think he's a fantastic singer and player."

Denise Diaz (11)

(LEFT) Many students like to spend their spare time at pop concerts. One of the biggest of the year was the Peter Frampton concert that sold out four continuous nights at the 18,700-seat Inglewood Forum in December of 1976.

Leave the Building to Us

Helping students develop self-awareness and a positive attitude towards work is the goal of the new Career Center. Programs in which students learn about their aptitudes and job opportunities will be made available for those wishing extra assistance in choosing or preparing for a career. The new Career Center will be built in front of the Media Center. This year's advanced drafting classes developed the floor plans and a scale model of the structure that will house the Career Center, while the commercial art class designed the logo which is to appear on all printed materials originating from the center. A cartoon character was also designed for use on all bulletins that are to be circulated on campus. The T.V. production class was involved in the making of a "Career Awareness" tape that will help inform the student body about the up-coming career education program and all it has to offer.

To Loretta

A sweet and sweet
girl I know for a long
time have seen in the summe
and good luck in the future and
all things good. You are real
easy to talk and get along with
take care and stay out of trouble
See you around and keep in touch

Love Always

An "A" for Achievement

For most students, the years spent in high school are to develop their interests to the fullest. For instance, those who are musically oriented take music classes, while those who enjoy science or mathematics enroll in classes where these interests can be pursued. But whatever the field of study, there are always those chosen few who excel above their fellow classmates.

They are the ones who score the few extra points on a test or spend those precious few hours studying for the final. Knowing what they want and working towards those goals set them apart from the rest of the crowd.

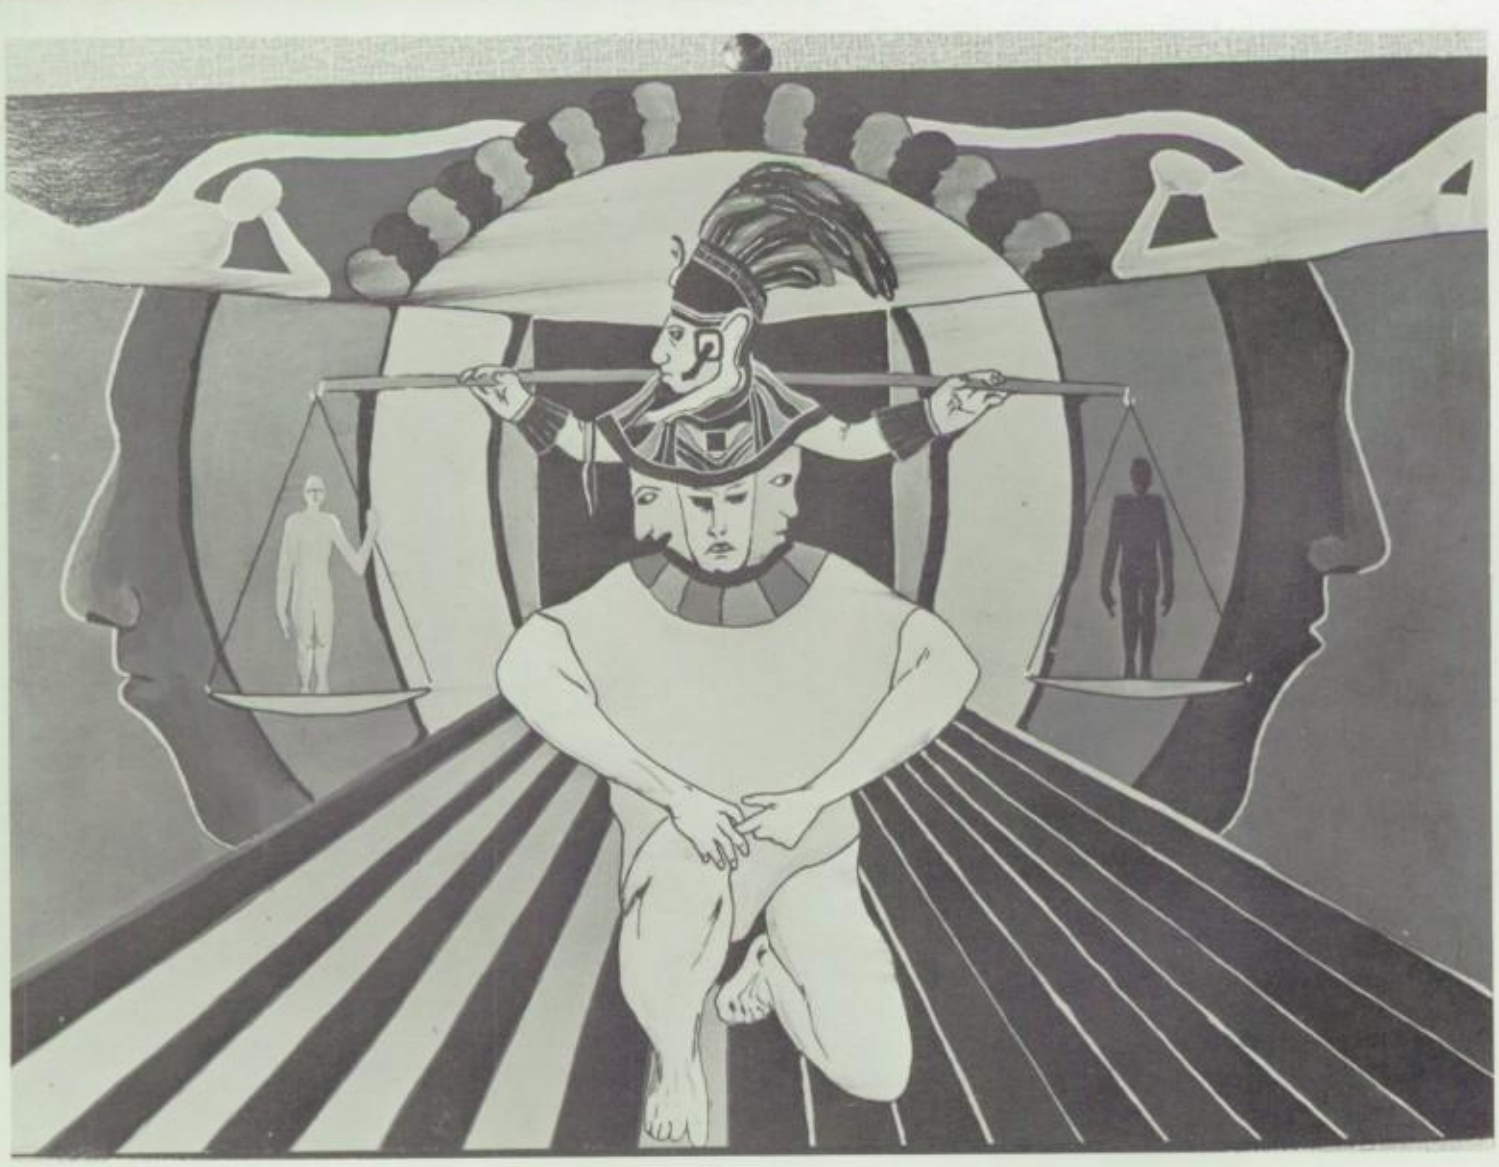
Thoughts

Thoughts are fleeting,
Ephemeral things,
Hard to keep long enough to speak them,
Once spoken - they are still easily forgotten,
Lost in a jumble of words like a raindrop in the sea,
They come in a whisper,
And leave on a breeze.

Laura Griffith (11)



A balloon,
So soft and delicate,
So bright and
cheerful,
Flowing in the
breeze,
So beautiful. . .

And there's a pin,
No it mustn't
happen,
It can't happen,
Pop.

Each One an Individual, Yet So Much Alike

A look at the educational background of the administrators, teachers, and instructional aides reveals a remarkable similarity of schools attended. Seven members of the instructional staff attended El Monte High School, while almost one-fourth of them attended nearby California State University at Los Angeles. Altogether, they attended only nineteen different high schools and fourteen different colleges.

Two Cultures Come Together

The overall objective of the bilingual program is to provide an opportunity for English and Spanish-speaking students to develop competency in the English language while receiving instruction in the language they speak best. In order to assure a true bilingual-bicultural experience, one-third of each class must be dominant English-speaking students. Five teachers and four instructional aides, all of whom are fluent in English and Spanish, participate in this program, which this year received $42,000 in state funds. Typing, English, and math are among the classes taught, with students themselves electing whether or not to enroll in the program.

Dos Culturas Se Unen

El objectivo general del programa bilingüe es de proveer la oportunidad a los estudiantes anglo-hablantes e hispano-anglo-hablantes de desarrollar la destreza del inglés mientras reciben la instrucción en el idioma que mejor hablan. Para asegurar una experiencia verdaderamente bilingüe-bicultural, una tercera parte de la clase debe ser de estudiantes dominantes anglo-hablantes. El maestrado que consiste de cinco maestros y maestras y cuatro asistentas, siendo todos fluentes en inglés y español participan en este programa que recibió $42,000 de fondos estatales. Las clases de mecanografiá, inglés y matemáticas son unas de muchas clases que cuales pueden escoger los estudiantes.

What Do You Want From Life?

The R.O.P. (Regional Occupational Program) is an alternate course offered to students at Mt. View who show an interest in occupational training. The program covers a wide range of job opportunities, such as cosmetology, agriculture, business and mechanics.

The coordinator of the program is Mrs. Carolyn Wright. A major part of her counseling includes assuring career interest and surveys to all underclassmen helping them find their specific interests. The ultimate goal of the ROP program is to give every student the opportunity to learn a specific skill.

Mrs. Wright's office is located in the media center and is open to all interested students.

Station to Station

During one of their weekly visits to the math lab, pre-algebra students have the opportunity to incorporate fun with learning. Machine, research, and recreation stations are available for the students' use. They also have the opportunity to learn how to write catalog orders and figure income tax. Emphasis is placed upon putting mathmatical skills into practical use, so that students will be able to use them after leaving school.

There's More Than One Road to Learning

The reading lab, now in its third year, is staffed by Ms. Pam Bator and Mrs. Maureen Smith. It serves the entire freshmen class and some sophomore classes as well. The English teachers take turns bringing their classes to room 392 for five to six weeks at a time, where the students get the opportunity to use materials not available to them in their home classroom. Among these special instruction materials are controlled readers, which induce increased reading rate and comprehension. Students are urged to improve their language development through the use of critical listening skills. The reading lab also incorporates the basics found in all English classes, such as vocabulary work and spelling words, with a strong accent on the use of Formula Phonics.

Information, Please

The media center is the source for all instruction materials used in the classroom. In addition to the over 8,000 books available for check-out and study, the media center also offers film strips, recording materials, records, and access to magazine and newspaper materials. The coordination of all T.V. programs used in classroom instruction is the direct result of the work of the audio-visual center. Mrs. Carmen Herrera heads the department with the assistance of interested students. Under the direction of librarian Mrs. Sandys and Mrs. Judy Walz the media center has become more than just a library.

They Work Behind the Scenes

A school does not function by itself. Students come in contact with the principals, teachers and instructional aides almost daily, but there are others on the campus whose contribution to the operation of the school is no less important. Here, There, And Everywhere

With different interests and backgrounds, we seek to learn more about ourselves, our origins, and the people around us. At home and in our travels so much can be absorbed from that which surrounds us if we keep an open mind and open eyes. Each of us is a world within a world, with so much to share and so much to give. Our roots and our loyalties may be different, but together we are one.

What do you get when you put together 40 acres of land, 2,010 lockers, 9 buildings, 86 teachers and aides, 78 rooms, 173 stairs, 489 freshmen, 412 sophomores, 345 juniors, and 250 seniors? You get a way of life, a way in which you learn and grow and mature for four years, a place that prepares you for future goals. That place is our world, a placed called Mountain View High.

(UPPER RIGHT) Located in the Los Angles basin between the mountains and the sea is Mountain View High. (RIGHT) The campus took on an international flavor with the addition of six Vietnamese and four Iraquian students. SHOWN HERE are: Jalal Yousif, Fouad Daoud, Najah Daoud, Kamal Yousif, Cuc Nguyen, Tuyei Dao.

(ABOVE) The two best badminton singles players in the United States this year, Charlie Coakley and Chris Kinard make a March appearance in the Viking gymnasium to demonstrate badminton skills to students from Mountain View and neighboring schools.

Mountain View our Alma Mater,
We pledge our hearts to thee,
Loyalty to truth and honor,
Through defeat and victory.
You stand a fortress of our knowledge,
A beacon in our lives,
All hail Viking sons and daughters,
To the purple, gold, and white.

With A Little Help...From Our Friends

It requires a lot of imagination, ingenuity, and sheer determination to achieve success. Coupled with the cooperation of others great things can be accomplished.

Teamwork is an important factor in achieving a common goal, and working together with others is often a rewarding experience.

All too often good deeds go unnoticed and unappreciated. The maintenance staff is one group which has not received the recognition due them. Aside from their usual duties they have volunteered their services above and beyond what was required of them, and without their help so many of our school celebrations would not have run so smoothly, or so well. They've picked up where we've left off, sometimes without so much as receiving a thank you, and it's about time they did. In gratitude for their help, we, the student body, dedicate this book to the maintenance staff: Louie Castro (6 years), Bill Dunkel ($6\frac{1}{2}$ years), Floyd Elliott (20 years), Rita Enriquez (8 years), Mary Gapper (6 years), John Guardado (5 months), Leonard Harmon $2\frac{1}{2}$ years), Salvador Hernandez ($5\frac{1}{2}$ years), Jack Hook ($6\frac{1}{2}$ years), Mike Mares (1 year), Paul J. McKeel ($9\frac{1}{2}$ years), Torfi Olafisson (1 year), Paul Pina (2 years) Richard Ramirez (4 years), Fred Rasmussen (1 year), Jim Taa (6 years), and Don Wasilchin (16 years).

The Yearbook Staff wishes to acknowledge the following people for their contributions to the production of the annual:

Mr. Charles Galvani - yearbook plant representative
Russ Gorman - student photographer
Mrs. Virginia Peckham - yearbook sales
Mr. John Thomas - yearbook school representative

(BOTTOM) The seventeen person maintenance crew combined their sills and dedication into making the campus one of the nicest in the San Gabriel Valley.

Thusday nights before deadlines most of the staff spent their evenings until 11 pm working on this book. On evenings such as these strange things began to happen after 6 pm (the incidents that occurred on these evenings will not be mentioned and names will be withheld to protect the innocent.)

We wish to take this opportunity to thank our staff and advisor, Mr. Wiggy, for all their time and effort to make this book. Also, we'd like to thank the students for caring enough to buy this book of memories. We hope you enjoy it as much as we enjoyed making it for you.

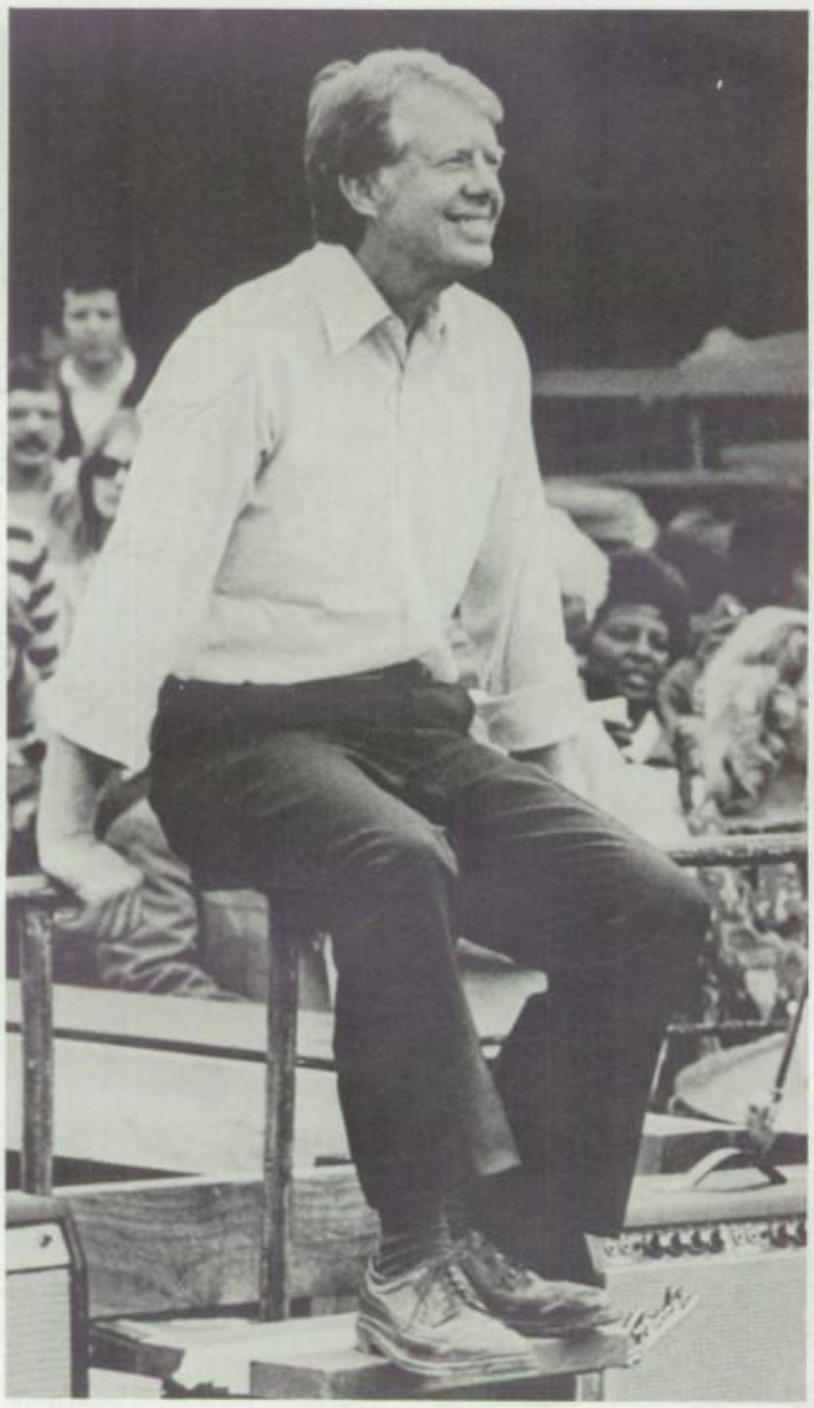
All Matters Great And Sm

A unusual event, a new leader, and a shortage of a natural resource were matters of concern for the year of 1977. The entire eastern half of the United States was hit with a severe winter of snow that ranked as one of the worst in a long time. In California water was limited due to a drought, while El Monte was selected over several other Southern California cities to host the first Prune Parade.

An increased interest was shown towards girls' sports as California changed the law to eliminate girls' and boys' P.E., which in the future will be referred to as coed physical education. Whether these matters were great or small, they had some effect on us all.



(ABOVE) Jimmy Carter makes a successful bid as a candidate for the presidency of the United States at a Democratic pep rally in Orange County. Students who were 18 years of age had the opportunity to vote in the election. (RIGHT) Smiling faces were in abundance on the campus as students participaed in National Smile Week.

(BELOW) Next year, for the first time, the boys' and girls' P.E. departments will be combined with all classes being coed. Ms. Carmen Rey and Mr. Robert Casper will share the duties as co-department heads.

We are a world of different people,
In a world of many more,
And though we're sometimes far apart,
The closeness lies not in the distance,
But rather in the heart.

Loretta

Well we made it 4 years at Mt. View and I've known you for about 3½ I think. Well to bad we ended up not having any classes together 2nd semester but it was fun in class the first semester. We've had alot of good times together our 4 years here and I'll never forget them especially the times we shared off campus. I really wish you the best of luck in the future years and hope you find the right guy. My how time flies when your having fun. Stay cool and sweet I'll never forget you and don't forget me

To Loretta a real sweet girl. I wish you the best of luck in everything you do. I hope you have a nice summer, and that can make somebody out of yourself. Hope to see you around after we get out of school.

God bless you and take care.
